

MARKET WATCH

Market Performance

With only two days of trading this week and Tuesday marking the last trading session of 2008, the Amman Stock Exchange saw its General Index continue to tumble, reaching 2,758.4 points and recording a 25% year-to-date loss, on the back of a negative global economic outlook, the crisis in international financial markets, a liquidity crunch and an overall slump in consumer confidence.

Trading activity showed some improvement compared to last week with both the average daily trading value and average daily volume registering increases to touch on JD 39.05 and 19.34 million shares respectively versus JD 28.40 million and 12.04 million shares respectively last week. Al-Ameer for Development Projects was listed for the first time on the Exchange this week and managed to position itself on both lists of most active stocks in terms of value and volume traded. Strikingly, there was no sign of any of the industrial sector heavyweights on either lists this week.

Decliners outnumbered advancers at 109 to 67 of a total of 193 companies that traded. At the closing of 2008, a total of 67 companies had a share price below par value, and these included 53 companies whose book value registered higher than the current market price.

Despite the plummet in share prices, the total market capitalisation rose to JD 25.79 billion compared to JD 25.73 billion last week, while market P/E reached 12.23 times.

Sector Performance

The Industrial Sector Index was the sole climber this week, rising by 1.5%, while all other sectors ended in the red. The Banking Sector was the hardest hit, declining by 3.9%, attributed in part to the 5.3% drop in share price of the Arab Bank. The Insurance Sector Index followed with a 3.7% decline, while the Services Sector Index fell by 1.3% compared to last week.

The volume traded was largest for the Services Sector, at 28.16 million shares, followed by the Industrial and Banking sectors with 8.17 million and 2.17 million respectively. In terms of value traded, the Services Sector claimed the lion's share with JD 38.09 million, while the Banking Sector lost out to the Industrial Sector with JD 18.32 million to JD 19.37 million. Meanwhile, the Insurance Sector came in last with a total trading value of JD 330.57 thousand.
