

MARKET WATCH

Market Performance

The conclusion of announcements of the third quarter results at the end of last week was the primary determining factor of the Amman Stock Exchange performance this week. The overall poor financial performance of companies led the General Index to drop on Sunday by 1.5%, registering the highest drop for the week. The decline in the global and regional markets further exacerbated the weak index performance, which continued to tumble, reaching 2,552.41 points by week's end, giving a week-to-date loss of 2.4%.

The negative sentiment in the market meant that liquidity was low, with the average daily value traded dropping by 38.6% to JD 20.15 million, while the average daily volume traded fell from 21.42 million shares last week to 16.05 million shares this week.

Our list of top gainers and losers presented a few surprises, with Arab Union International Insurance ranking in first position with a 21.37% rise in share price, while Union Investment Corporation found itself on our top decliners list with its share price falling from JD 2.78 last week to JD 2.17. Meanwhile, Taameer Jordan Holdings, Amwal Invest and Alia- Royal Jordanian all registered on our lists of most active stocks in terms of volume and value traded.

The weakness in the market was mirrored in the performance of the majority of stocks, with the prices of 102 companies declining out of a total of 192 traded, while 65 companies' shares rose. This continued descent in share prices pulled the market capitalisation down to JD 22.62 billion while the P/E stood at 16.30 times.

Sector Performance

The descent in the overall market was reflected on all major sector indices, with the sharpest decline registering for the Banking Sector with a 2.9% drop, on the back of the 12.2% and 4.2% price declines of the Arab Jordan Investment Bank and the Arab Bank, respectively, followed by the Services and Industrial sectors with declines of 2.7% and 2.0%. The Insurance Sector, our top index performer for the week, meanwhile, dropped by a slight 0.3%.

The Services Sector registered the highest value and volume traded, at JD 71.15 million and 64.69 million shares respectively, followed by the Industrial Sector with a trading value of JD 19.61 million and a volume of 12.37 million shares. The Banking Sector, meanwhile, had 1.83 million shares traded for a value of JD 7.15 million, while the Insurance Sector came in last with a trading value of JD 2.78 million and 1.26 million shares.
